

GOVERNOR TO GET SALARY INCREASE

House Committee Acts Favorably on Bill Passed by Senate.

FOR CHANGE OF FEE SYSTEM

Members of General Assembly Entertained at A. & M. College.

[Special to The Times-Dispatch.]
Richmond, N. C., February 7.—The House Committee on Salaries and Fees voted unanimously this evening for a favorable report on the Senate bill to increase the salary of the Governor of North Carolina from \$10,000 to \$6,000. The bill has already passed the Senate. The Senate consumed over an hour debating a bill amending the automobile law of the State by giving to Boards of Aldermen power to prescribe the speed limit in incorporated towns, and finally tabled it.

Representative Wooten offered in the House a bill to put solicitors on salaries after March 1, 1912, the record of fees to be certified to the State Treasurer in the meantime, and the salary to be settled on the basis that will allow \$1,500 salary where fees aggregate in a district \$1,500, the scale running up to \$1,000 where fees amount to \$1,200.

Mr. Doughton introduced a bill providing bonds to refund those due in 1912 and to take care of \$3,500 deficit of the State Treasury.

Mr. Connor introduced bills to amend the revised relative to the sale of future contracts, to provide for an appeal by the insurance companies of the State from the State Insurance Commissioner to the Council of State.

The House spent an hour arguing the bill to amend the revised as to divorce so as to allow divorce after five years' separation where there are no children, the present law requiring ten years' separation. The bill was passed the second reading, 45 to 27, and went back to the calendar on objection to its final reading.

The Biological Club of the Agricultural and Mechanical College gave a most enjoyable reception last night, complimentary to the members of the General Assembly. A great many of them attended and participated in the evening's festivities. The young men of the club were assisted in receiving by nearly 200 young women from St. Mary's and Meredith Colleges, and music for the event was furnished by the college orchestra. The students of the music department of Peace Institute also entertained a large number of members of the Legislature last night by the rendition of an excellent program. After the concert the faculty received the members of the Assembly at an informal reception in the school parlors.

The bill of Senator Martin, of Buncombe, to establish the Western North Carolina Teachers' Training School has received a favorable report from the Senate Committee on Education, with a request that it be referred to the Appropriations Committee.

The House Committee on Liquor Traffic heard the argument of Ex-Judge Ewart, of Henderson, last evening, on his bill to amend the prohibition law in North Carolina, more effectively, considering the bill a further hearing was postponed until Wednesday afternoon.

Governor Kitchen declines to commute the sentence of Philip Mills, the Death Penalty in the electric chair in the penitentiary Friday morning of this week for the murder of his wife. Mills crushed his wife's skull by hitting her over the head with his gun, after running after her for some distance. The case was brought to the attention of the Governor by the death sentence by Mills's counsel, who claimed he was not mentally responsible.

The Burke-McDowell Company, of Morganton, is chartered, with an authorized stock of \$125,000, to begin a general lumber business with \$5,000. The incorporators are Manley McDowell, W. C. Ervin and I. T. Avery. The St. Paul's Hardware Company, of St. Paul's, Robeson county, receives a charter, authorized capital \$25,000, to begin business with \$10,000. The incorporators are L. H. Townsend, C. B. Rhodes and W. F. Townsend. The McGinnis & Lindsay Company, of St. Paul's, Robeson county, changes its name to the Lindsay-Butler Supply Company.

Stone in Bladder Removed Without Surgical Operation

In the spring of 1904 I was confined to my bed with kidney trouble, and thought that I would never recover. I took a lot of medicine, but did not realize any benefit from anything. I finally saw Dr. Kilmer's Swamp-Root advertisement and sent for a sample bottle, and thought the sample bottle helped me, so I bought more of the medicine from my druggist, and after using a few bottles discharged a very large stone from my bladder.

After passing this stone my health was much improved, and I have been able to continue my business without any serious sickness.

SUES TO BE AN ADMIRAL

Captain Moser, Not Advanced When He Was Retired, Complains. Washington, February 7.—Proceedings in mandamus against George Von Meyer, Secretary of the Navy, were instituted in the Supreme Court of the District of Columbia by Jefferson P. Moser, of California, a retired officer of the navy. He seeks to compel the Secretary to place his name on the official register of the navy as rear-admiral on the retired list, instead of with the rank of captain, retired, as he is now designated.

COMPLAIN OF HIGH SWITCHING RATE

Louisville and Nashville Proceeded Against—Hearings Disposed Of.

SPECTRUMS ARE CHARTERED

New Negro Society Is Formed. Evidently by Richmond True Reformers.

Complaining that it is charged an exorbitant rate on switching coal to its plant in the town of Norton, the Norton Light and Power Company yesterday morning filed a petition before the State Corporation Commission, asking that body for an order against the Louisville and Nashville Railroad Company. The railway was ordered to make answer by March 7.

The petition was presented by Henry M. Bandy, attorney for the light company. It sets forth that it furnishes light and power to the people of the town of Norton, and that its plant is located near the corporate limits and near the yard limits of the railway. The petitioner alleges that when an engineering party from the railway, regarding an extension of a switch to its plant, he was asked about the matter, and replied that such action would be unnecessary, as the railway company would extend its yard limit to the light company's operation. Now, the petitioner claims, it is forced to obtain coal from mines along the line of the Louisville and Nashville or else to pay what it regards as an unreasonable charge of 25 cents a ton for placing the cars on the spur track. Its neighbors in industry, it says, are not required to buy from an exclusive set of mines, and are charged only \$2 a ton for switching, a rate which the light company asks should be decreed in its instance.

RAILWAY AGREES

Louisville and Nashville Yields—Huellett Hearing Postponed.

No hearing was held yesterday before the State Corporation Commission in the case against the Louisville and Nashville. By correspondence it agreed to the demands of the commission that it add dry electric batteries to its freight classification. It seemed that this arrangement is generally used by this railroad elsewhere, and the commission could not understand its refusal in this instance. The case of the Huellett Coal and Coke Company against the Virginia and Kentucky Railway was called yesterday. NEW NEGRO SOCIETY

Improved Spectrums Get Charter. Tried to Be True Reformers.

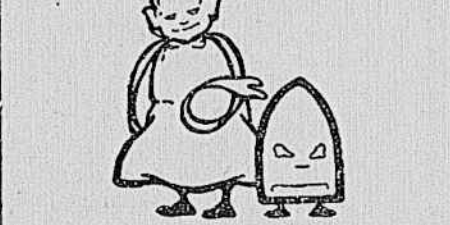

When it is known that the part of insurgent or dissatisfied members of the True Reformers, the colored fraternal beneficiary society which has recently been in trouble, and whose license is still suspended, was made yesterday, when a charter was granted by the State Corporation Commission to the Improved Fountain, Genuine Reform Spectrum.

The reason for the selection of the name remains a profound mystery. A spectrum, as given in the dictionary, as a spectre, or else as a sort of arrangement of light visible to the eye. Whether this means that the new organization will appear as a ghost to the old one, or whether it is designed to shed light upon a darkened world, doth not yet appear.

At a recent meeting, the concern applied for a charter as the "Improved" Order of True Reformers, but this was denied, as it was too similar to the old name. Hence, Crutcher is president and also directors, together with S. W. Hall, Thomas A. Beverly, J. E. Wingo and J. R. Hicks.

Will Begin Institutes. John J. Owen, director of institutes for the Department of Agriculture, will leave this afternoon for Tusley, the Accomac county, where the series of farmers' institutes will begin to-morrow.

Lieutenant Thomas E. Johnson, second lieutenant of Company A, First Regiment, will be promoted to the rank of captain by the Adjutant-General.

"The flat-iron is no respecter of collars."

"I've seen many a nobby shape become a knobby shape after a seance with the irons."

"Here's a gentle tip:

"If you want to be sure that your collars won't lose their shape in the laundry—get the hand-made brand."

"Costs you no more—and the shape stays. Note the name."

Thousands now use This Recipe for Cough Syrup

Easily Made at Home. Costs Nothing If It Fails.

The speed with which this simple home mixture takes hold of a cough and conquers it will surprise you. The recipe given below makes more and better cough syrup than you can buy read-made for \$2.50.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for twenty minutes. Add 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. It keeps perfectly. Take a teaspoonful every four or five hours.

This gives almost instant relief, and usually stops a deep-seated cough inside of twenty-four hours. Splendid, too, for whooping cough, chest pains, bronchitis, hoarseness, etc. The taste is pleasant, and it is just laxative enough to help cure a cough. Its tonic properties restore the appetite which a cough tends to destroy.

This recipe is now used in thousands of homes in the United States and Canada. Its popularity has resulted in many imitations—none of them as good as the old successful formula. It will cure a cold unless you use the pure, genuine Pinex, which is the most valuable concentrated compound of Norwegian white pine extract, and contains the necessary quantity of gauliac and other healing pine elements.

A guarantee of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will order it for you. Send to The Pinex Co., Ft. Wayne, Ind.

eral, and Lieutenant Johnson was placed on the retired list of the Virginia and Kentucky Railway, having served about fifteen years. The reason for his retirement, an election is to be held within thirty days to fill the vacancy.

EIGHT OPINIONS BY COURT OF APPEALS

February Term Opens With Heavy Docket—Argument Begins.

Eight opinions were handed down, an order was entered denying a rehearing in one case and another in another was heard at the opening day session yesterday of the United States Circuit Court of Appeals, while Judge J. C. Pritchard allowed an appeal in one case to the United States Supreme Court.

NO "DEADMAN" THERE

Hence Lueman Gets \$14,000 Damages From Postal Company.

The Postal Telegraph Cable Company yesterday lost its suit in the United States Circuit Court at Baltimore, Md., against Frank Grantham, a former lineman, who sued for \$50,000 damages for injuries received, and was allowed \$14,000 in the court below. The decision of the Circuit Court at Raleigh, N. C., was sustained in an opinion handed down by Judge Pritchard.

The suit against the company was brought by Grantham in the Superior Court of Wayne county, N. C., but transferred to the United States Circuit Court at Baltimore, Md. It was shown that the plaintiff while at work as a station lineman for the company, received injuries which have made him a cripple for life. A pole, which was in the course of being cut, fell upon him. It was proved that had an instrument known as a "deadman" been provided by the company, the accident could not have occurred.

The "deadman" was missing from the job and the company refused to supply one, the court held it liable. Fifteen thousand dollars was allowed the injured man, and this decision was affirmed yesterday in the higher court.

STEVEDORE WINS

Court Awards Him Damages for Injuries on Steamer in Baltimore.

Henry Baker, a stevedore, of Baltimore, Md., has won a suit from the Hamburg-American Steam Packet Company for damages on account of injuries received while opening hatches aboard the steamer Sevilla at Baltimore, June 10, 1909. Suit against the steamship line was brought in the Circuit Court for the Eastern District of Maryland, and the verdict for \$1,500 was rendered in behalf of the plaintiff. The defendant company took the matter up to the Circuit Court of Appeals. An opinion sustaining the judgment of the court below was handed down yesterday at the opening session of the February term of the United States Circuit Court of Appeals.

FURNITURE COLLECTOR SHOTS A. C. L. EMPLOYE

Trouble Grows Out of Failure to Pay on Installment Plan—Wounds Do Not Appear Dangerous.

[Special to The Times-Dispatch.] Fayetteville, N. C., February 7.—A shooting affair occurred on Hay Street, this city, to-day about 1:30 o'clock, when J. L. S. Beckwith, collector for the Cape Fear Furniture Company, shot John Q. Barnes, an employee of the Atlantic Coast Line. The trouble, it is said, grew out of an account which Barnes owed the furniture company. Beckwith had taken the goods from Barnes's house, it is alleged, when Barnes failed to pay on the installment plan, and he cursed Beckwith in a barber shop when they met this morning. Beckwith appeared near the Atlantic Coast Line passenger station this afternoon, armed with a shotgun, and Barnes, who saw him across the street, advanced on him with his hand in his pocket, cursing him. Beckwith warned him to halt more than once, it is reported, but Barnes kept advancing, when Beckwith fired, wounding Barnes in the stomach, groin and breast, and also in the arm. Standstill, a boy, who was riding by on a bicycle, in the calf of the leg.

Barnes walked into Napier's cafe, and the ambulance was summoned, and he was carried to Highsmith Hospital. Beckwith reloaded his gun and walked down the railroad track, and later appeared at police headquarters and gave himself up.

No preliminary trial has yet been held, but Beckwith told his story at police headquarters, which is substantially as detailed above, and is corroborated by the testimony of Standstill, a young man about twenty years old, Barnes is a man of family. Doctors have not performed an operation, but say that his wounds do not appear dangerous, and he is doing well. The gun loader, a single-barreled breech-loader, loaded with No. 4 shot, George Standstill, the boy is not badly hurt. Beckwith is now in jail without bail.

LOSES HER CASE

Wife of Late "Turpentine King" Will Not Get Dower Rights.

New York, February 7.—Bessie C. Hunt, who contested an interlocutory decree of divorce obtained by her late husband, John H. Hunt, the millionaire "turpentine king," lost her case in the Supreme Court, Brooklyn, yesterday. In order to get her dower rights she had hoped to prevent the divorce, but the court has ruled that she cannot do so. The divorce was granted by the court, and the wife is now free to marry.

FLOUR MILL DESTROYED

[Special to The Times-Dispatch.] Winchester, Va., February 7.—The large flour mill and general mercantile store of John E. Jordan, of Warrenton, Va., which had been idle for some time past, was destroyed by fire early this morning from an unknown cause. The loss is \$5,000, covered by insurance.

Consumption

Any one interested in the cure of Consumption should get one of the booklets "Telling of Recovery by the use of Eckman's Alternative."

Coughs, Stubborn Colds and Pneumonia may be the beginning of more serious trouble. Eckman's Alternative is the effective remedy. Read Mr. Kanaly's statement: Saratoga, N. Y.

Gentlemen: For five or six years I was troubled with consumption, expectoration. I also had a high fever. My case was declared Consumption by my physician. I was given Cod Liver Oil, Creamed and other medicines, all without benefit.

At Christmas time, 1906, I was not expected to live. Calling another physician, I was told to use Eckman's Alternative, which I took with excellent results and was entirely cured.

During the past year I have gained 15 lbs. I go out in all weathers. I have had no cough or cold whatever. I give these facts to encourage others to use Eckman's Alternative.

(Signed affidavit.) James W. Kanaly, Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. For sale by Owens & Minor Drug Co. and other leading druggists. Ask for booklet of cured cases and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.

FILIPINOS HOPE FOR FREEDOM

Quezon Tells Boston Society of His Countrymen's Desire for Independence.

Boston, February 7.—When my countrymen most fervently desire to be the right to govern themselves and to become, without restriction of any kind a free and independent nation," was the declaration made by Manuel L. Quezon, delegate to Congress from the Philippine Islands, in the course of an address at the Algonquin Club before members of the Beacon Society of Boston.

Mr. Quezon did not pretend to say whether such a result would be most expedient by international agreement providing for the neutralization of the islands or whether the speedier course would be through the establishment of an American protectorate. But he declared that the development and prosperity of the islands were to-day seriously handicapped by the uncertainty and doubt regarding the policy of the American government toward them.

"The Filipino Assembly," he said, "once regarded with something akin to horror by the conservative element in this country and among the Americans and foreigners in the Philippines, has demonstrated that a body of Filipino citizens is capable of playing a prominent part in the conduct of their affairs with skill, firmness, and loyalty to the ideals of its fellow-citizens."

"If the Philippines are granted their independence they will feel a heavy debt of gratitude for that boon, and with the political and international situation where it is in the Orient to-day, it might well become a matter of no little moment to America to be at once relieved of the expense of maintaining her sovereignty in the Philippines, and at the same time be assured of the loyal support and assistance of the entire Filipino people in those eventualities which ought not, but which sometimes do, occur."
